

LOCAL COUPLE ARE MARRIED IN STOCKTON

CONLOSK-McCAFFREY NUPTIALS
CELEBRATED YESTERDAY
IN CALIFORNIA

Yesterday afternoon at the home of Mr. and Mrs. James Ziegler at Stockton, California, James W. Conlosh and Miss Mame McCaffrey, both of this city, were united in marriage. Miss McCaffrey departed from Tonopah about a month ago and after spending several weeks with relatives at Virginia City, proceeded on to Stockton, where she has been stopping with her life long friend, Mrs. Ziegler, who was formerly Miss Mame McCarthy. The groom left last Monday for the California city.

Both the contracting parties are well known in Tonopah and their friends here are legion. The bride has lived here for several years, although she is a native of the state. Her pleasant manner and pleasing personality has won her friends by the score. The groom, better known as "Doc" Conlosh, is connected with the Nevada First National bank, and is one of the most popular young men of the city.

The wires to Stockton were flooded with telegrams of congratulation and best wishes yesterday, from the numerous friends and admirers of the couple, while many handsome and valuable wedding presents were sent by express.

Mr. and Mrs. Conlosh will tour southern California for several weeks, and will then return to this city, where they will reside in the future. That they will remain in Tonopah is gratifying news to their friends.

SID MOORE KILLED TWO WITH ONE SHOT

FAMOUS PARTY OF DUCKHUNTERS
RETURN FROM A
WEEK'S SPORT

Did you say ducks? Just ask Sid Moore how he got two with one shot, or interview Dave Holland about the time he ripped his pants and had to crawl under the automobile to mend them.

The famous duck hunters, W. J. Moran, Dick Walker, Sid Moore, Walter Malone and Dave Holland, returned to Tonopah Tuesday night from a week spent at Fish Lake, north of Hot Creek. Their return proved quite a surprise to the residents of Tonopah for, contrary to all expectations, they had in their bags some 73 birds. Of course the numerous friends were in on the game and the ducks were liberally distributed yesterday.

Many strange stories are being told on various members of the party and from all reports the hunters enjoyed enjoyed themselves during the trip.

SUPREME COURT DECISION FAVORS SHERIFF OWENS

DECISION IS HANDED DOWN
AFFIRMING JUDGMENT IN
APPEALED CASE

The supreme court at Carson has handed down a decision in the case of Hoffman versus J. J. Owens, sheriff of this county. The case involved the sale of certain personal property, consisting of wines, liquors, saloon fixtures, etc., which were taken in an attachment suit. Action was brought in replevin to recover their possession. The point involved was whether the sale was good under the statute of frauds, it being contended by appellant that there was not such a delivery and immediate change of possession as to make the sale valid as against the creditor of the vendor.

The district court of this district held that the sale was valid under the facts, and the judgment was affirmed in the decision of the supreme court.

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon—150 notices in book. For sale at the Bonanza.

ANOTHER LEASE AT MANHATTAN IN THE SHIPPING

SWANSON, LYON AND ROSS
WILL SHIP ORE IN
FEW DAYS

W. S. Johnson, president of the Earl Mining company at Manhattan, came in from the northern camp yesterday and left on the morning train for San Francisco, where he is called on business.

"Manhattan is steadily going ahead in its own quiet way," said Mr. Johnson several minutes before his departure, "and within the next year many important changes will be noticed in the camp. The placer excitement has not abated, and additional interest is being taken in the quartz properties."

"The Swanson, Lyon and Ross lease on the Earl is being developed into one of the best holdings in the district. The management has started sinking from the 150 foot level to the 200 foot point, where a station will be cut and stopping begun on the various ore bodies found on the lower level. During the past week several stringers have been cut in the shaft, some of which assayed as high as \$500 to the ton."

"The first ore shipment from the lease will be made between now and the first of the month, and will comprise a quantity aggregating some 200 tons. This will be the ore on the first class dump and it will easily average \$50 to the ton."

HE HOLDS BABY FOR MOTHER WHO FAILS TO RETURN

FRANK GALE HANDED A GOLD
BRICK DURING VISIT TO
SAN FRANCISCO.

Among the many visitors who departed from this city during the past week to witness the Portola carnival in San Francisco, was Frank Gale, one of the proprietors of the Nevada barber shop. Frank wanted to see the fair, in fact any kind of a fair would suit him.

When he stepped off the ferry at San Francisco, he was immediately stopped by a fair lady carrying a baby.

"Pardon me," she said addressing Gale, "would you kindly hold this baby while I step inside of this express office and check a bundle?" "Certainly, ma'am," replied the Tonopah in the politest way possible. And from the late accounts received from the bay city Gale is still holding the baby, which by this time has commenced to call him "papa."

He had intended to take a post graduate course in the barber school during his stay, but the advice received yesterday state that he has enrolled in a nursing school and is so apt a pupil that he has a good chance of graduating at the head of the class.

It is not known whether the baby is white or colored and on this account, his return to Tonopah is anxiously awaited by his many friends.

MIDWAY MINER'S NARROW ESCAPE FROM INJURY

FALLS TWENTY-FIVE FEET IN
A RAISE AND RECEIVES
NO INJURIES.

Matt Devine, while working in the Midway mine Tuesday night, suffered a fall from which he had a narrow escape from injury. He was ascending a raise from the 300 foot level, carrying some drills, when in some unaccountable manner he missed his footing and was precipitated to the level below, a distance of about 25 feet. Fortunately the raise is on a slight incline which in a way broke the fall.

Several miners who were working nearby hurried to devine's assistance when it was discovered that he had escaped unhurt although he was badly shaken up.

SPECIMENS FROM GOLDFIELD
MINERAL PALACE SHIPPED
TO OWNERS

Branch H. Smith, of this city, who was largely instrumental in securing the many specimens for the mineral palace at Goldfield, yesterday received a communication from J. H. Tate, who had charge of the exhibit, stating that the mineral collections had been returned to their original owners. The letter asked Mr. Smith to inquire if the exhibits had been received by the different Tonopah mining companies and also by individuals who loaned specimens.

Mr. Smith inquired among a number of the local companies, whose representatives stated that their mineral collections had been received in first-class condition.

ENJOYABLE AFFAIR TAKES
PLACE UNDER AUSPICES OF
UNIFORM RANK

Last evening the Uniform Rank of Mizpah lodge No. 25, Knights of Pythias, held a whist party in the lodge hall over the postoffice, which proved itself a grand success, both in attendance and enjoyment for the Knights and their guests.

After a pleasant hour or so was spent at whist, a light repast was served and a few musical numbers rendered, which consummated a very enjoyable evening's entertainment for those who participated.

Mrs. H. H. Parker was declared the winner for the ladies' first prize, while Mrs. A. T. Brann scored for second honors. The gentlemen's prizes were won by L. T. Bryan, first, and A. W. Peterson, second.

Another party will be given on the evening of November 11, and judging from the success of last evening's contest, another pleasant affair is in store for those who attend.

JAMES SHEA IS FOUND WANDERING
AROUND IN DEMENTED CONDITION

James Shea, well known in this city and who has worked in the different mines here, was picked up by the police officer at Millers yesterday morning, while wandering about in a demented condition. He was in Tonopah several days ago and at that time appeared to be in his right mind.

Shea was taken to Goldfield on the morning train and the insanity commission of that city will investigate into his mental condition. It is not thought that his derangement is permanent and is probably due to exposure or excessive drinking.

Did you notice that stride with which Mike Flint traversed our highways yesterday afternoon? Also that broad smile decorating Mike's features?
